Ref : RAS-1 Company

To Whom it May Concern :

Developing a good common collaboration with the abovementioned company, we would like to state that our business experience with RAS-1 company on the building site of AES-3C Maritza East 1 project, Galabovo, Bulgaria, was very good and useful.

RAS-1 organized and performed painting on Unit 1, incl. hangers' touch-up activities. This company has all needed resources for executing the work properly and according the appropriate standards.

We are pleased to recommend this company for any painting and touch-up activities.

Sincerely,

Frank Hess
