

LETTER OF RECOMMENDATION

As our subcontractor, the company "RAS 1" OOD took part in the implementation of the "Maritza East 1" project in Galabovo, Bulgaria with the following activities: upsailing works in cooling tower.

As a matter of routine we discovered that "RAS 1" is an exceptionally reliable Executor for:

1. Up-sailing works
2. Working in high places with full safety.

The highly qualified managing and performing personnel of RAS 1 whose experience and routine was a decisive reason for the successful end up of the project helped to carry out all the installation jobs on time and with the necessary quality.

The present document is issued to company RAS 1 OOD to be of use in front of every future interested party.
